

## MEDITATIONS FROM APRIL 2019 SUNDAY BULLETINS

### THE SINGLE EYE

April 7, 2019

Mr. Wayne Gatewood

How many times have we read that man cannot serve two masters, or a double minded Man is unstable in all of his ways, and how about that sense of “duality”? What does this all mean, and what did Jesus mean when he spoke of the Single Eye? Well, what we focus upon, what we give our attention to, what we see in our mind’s eye...the thoughts that we dwell upon, bring forth into our outer experiences those situations, people and things that are of the very nature of our thoughts. Thus, when we look within to the Truth and eternal perfection of our Being in and of God, it is the Light of Goodness, the Christ, that shall go forth in all of our demonstrations. However, if our point of reference is the without, if our minds are stayed on the material world and all of its error, then our demonstrations are not of the Spirit of Truth...but rather, of the limited, error-ridden, and temporary flesh. We have the choice to keep our focus on the within...on our Truth, God the Good, or to seek for naught...without. The ills of this world are brought about by a sense of separation from God, a sense of duality...man and God. But...there is only God, and He lives us. In Him, and of us, are eternal life, goodness, abundance, health, joy, and Love. To where do you look for your wholeness and for your life purpose, for all that is good and eternal? For certain, we are to keep the Single Eye, the mind that is stayed on HIM. “*But seek first the kingdom of God and His righteousness, and all these things shall be added to you.*” Matt 6:33.
